

Success Plan at a Glance

Hudson Middle School

14540 Cobra Way, Hudson, FL 34669
Joseph Musselman, School Principal

GOAL 1

High Impact Instruction

Build capacity in the development and delivery of a guaranteed and viable curriculum for all learners.

- Intentional planning, which focuses on the essential standards, for each content area.
- Pervasive use of the instructional framework to guide deliberate instruction, which is reinforced by our PLCs.
- Intentional use of instructional strategies that result in student mastery.

Data Driven Decisions

Build capacity for identifying and responding to individual student needs and increase student achievement toward the mastery of essential standards in all content areas.

- Use of common formative assessments to monitor and guide student acquisition of knowledge.
- Intentional use of instructional strategies/interventions that address learning deficiencies.
- During PLC and MTSS Meetings, teams will assess individual student's needs and identify necessary interventions to increase student mastery.

GOAL 2

GOAL 3

Collaborative Culture

Foster an environment in which all stakeholders work together to prioritize student engagement, attendance and achievement.

- A school-wide system will be utilized to promote the use of Positive Behavioral Supports.
- Parents and community members will be invited to events that promote student achievement and well-being.
- Communication systems will be used to inform families about their child's learning experience, as well as the many opportunities available to become an active member of the CougarNation.

Hudson Middle School is part of the Pasco County School System.
Kurt S. Browning, Superintendent of Schools
